

5 December 1957

MEMORANDUM FOR: (Chairman of the Board, GEHA)
Chief, Management Staff

STAT

SUBJECT: Resignation from the Board of GEHA

1. We have discussed several times my desire to retire from the Board of Directors of GEHA. This note is merely to make our conversations official.

2. I have greatly enjoyed serving on the Board for the last two years, and feel that it has been time well spent and that the Board is doing an excellent job on behalf of Agency employees in regard to their various insurance programs. I regret leaving the Board, but every year I am away from the office for longer and longer periods visiting field installations. At many times when I am not away, Mr. Carey is and then there is such a press of business that it is difficult for me to get to meetings. I therefore think you should have someone who can give more time to the consideration of your programs and who can be more regular in attendance at your meetings. Also, a little new blood will do no harm.

3. Of course I will serve out my term until a new Board is elected. My gratitude and respects to you and the other members of the Board.
